

Introduction of New Functions on the Website

HIROSE ELECTRIC CO., LTD.

January, 2018

1. Display of recommended product and product tagline

Recommended Products and brief product features become easy to know.

Display of recommended product and product tagline

When searching for products, recommended product is highlighted as **“Recommended”** in the search window. Product tagline is also displayed so that you can see the brief description of the product.

This is also available in the search results.

Series	Catalog	Connector Type	Number of Positions	Contact Pitch	Rate
<input type="checkbox"/>  IX	Recommended Small I/F connector for Ethernet		Plug, Receptacle	8	1 mm

2. Display of "Scheduled to be discontinued"

Hirose Electric's website were not able to provide the information of when the product is discontinued once determined.

New function to show the "Scheduled to be discontinued" and "alternative product (if any)" becomes available.

Now you will know the scheduled EOL products in advance.

(1) Display of "Scheduled to be discontinued"

When searching for products, the product scheduled to be discontinued is **Highlighted as "Scheduled to be discontinued"**.

The information is also shown in the search results.

The screenshot displays a search interface with a navigation bar at the top containing 'PRODUCT TOP', 'CATEGORY', 'SPECIFICATIONS', 'INDUSTRIES', and 'SERIES NAME'. Below the navigation bar is a search input field containing 'DF11CZ-40DS-2V(52)' and a 'SEARCH' button. The search results are displayed in a table with columns: 'Part No.', 'Catalog', 'Drawing', 'Connector Type', 'Parts', and 'Cable Assembly'. The first row of results shows the product 'DF11CZ-40DS-2V(52)' with a 'Scheduled to be discontinued' status highlighted in a red box. Below the table, there is a 'CSV DOWNLOAD' button and a 'RoHS' label.

(2) "Scheduled to end production" product

On the page of the scheduled EOL products, "Scheduled to be discontinued" is displayed and the access to the catalog and data sheets becomes restricted. If the alternative is available, the link to the product is displayed. Please kindly study the new and improved alternative products.

The screenshot shows the Hirose Global website interface. At the top, there is a navigation bar with the HRS logo, 'HIROSE GLOBAL | PARTNERS', and links for 'Language', 'LOGIN', and 'SIGN UP'. Below this is a main navigation menu with categories: 'PRODUCT TOP', 'CATEGORY', 'SPECIFICATIONS', 'INDUSTRIES', and 'SERIES NAME'. A search bar is present with the placeholder text 'Enter Keyword, Product name or HRS code.' and a 'SEARCH' button. The breadcrumb trail reads 'Product Top > DF11 series > DF11CZ-40DS-2V(52)'. The product page features a green ribbon image of the component. A dark grey banner at the top of the product section reads 'Scheduled to be discontinued'. The product name 'DF11CZ-40DS-2V(52)' is prominently displayed. A red-bordered callout box contains the text: 'This product is scheduled to be discontinued. Production end date : Apr 1 2018(GMT+9)'. Another red-bordered callout box below it states: 'No alternative is available.'. A third callout box on the left side of the page says: 'Production end date is shown.'. A fourth callout box at the bottom right says: 'Product name is shown if any alternative is available.'. On the right side of the page, there are buttons for 'ADD TO MY LIST' and 'CONTACT US', and a 'Browsing History' section.
